

THE HERBARIE FORMULARY

Body Care - Cleansers

Pearlescent Cream Body Wash with Cocoglucoside SS

This easy and elegant formula features Cocoglucoside SS. This new, ultramild, natural source surfactant has excellent foaming characteristics. GuarSilk adds superior conditioning to the formula while increasing the viscosity. Glycol Stearate helps to build viscosity while leaving the finished product with a creamy feel and pearlescent appearance.

Ingredient	Amount	
Part		
Distilled Water	54.9%	= 274.5 grams
GuarSilk	0.8%	= 4.0 grams
Glycol Stearate	4.0%	= 20 grams
Part B		
Cocoglucoside SS	25.0%	= 125 grams
Cocamidopropyl Betaine	10.0%	= 50 grams
Part C		
DI Panthenol	2.0%	= 10 grams
LiproSilk	2.0%	= 10 grams
*Essential Oil(s)	1.0%	= 5 grams
Liquid Germall Plus	0.3%	= 1.5 grams
Total:	100%	= 500 grams

Part A: Add GuarSilk to Distilled Water with mixing. It is helpful to create a vortex and while continuing to stir, add the powder to the center of the vortex. Mix well and set aside to hydrate for 15 minutes. Once hydrated, add Glycol Stearate and begin heating. It's helpful to use a double boiler since the mixture is very thick and may burn. Heat until Glycol Stearate is completely melted.

Part B: Add ingredients to Part A with gentle mixing.

Part C: Add remainder of ingredients when temp. is less than 120F and mix.

***Some of our favorite Essential Oils for shampoo/body wash:**

Geranium Essential Oil

Peppermint Essential Oil

Myrtle Essential Oil
