Oryza Silk Cream with Palmarosa & Elemi

Oryza Silk Cream with Palmarosa & Elemi is based on our natural emulsification and conditioning system that includes Sodium Behenyl Lactylate (SBL), Behenyl Alcohol, Glyceryl Stearate and OryzaSilk. We have combined our natural emulsification system with Shea Butter Organic, Rice Bran Oil, and our Calendula Extract OS for optimum skin softening, conditioning and moisturization. Plantago Extract provides humectancy and skin smoothing benefits. Palmarosa Essential Oil and Elemi Essential Oil combine beautifully in this balancing and rejuvenating cream.

Ingredient	Amount
Part A	
Distilled water	71.5% = 357.5 grams
Part B	
Sodium Behenoyl Lactylate (SBL)	2.0% = 10 grams
Behenyl Alcohol	3.0% = 15 grams
Glyceryl Stearate	2.0% = 10 grams
Shea Butter	12.0% = 60 grams
Rice Bran Oil	2.0% = 10 grams
Calendula Extract OS	2.0% = 10 grams
OryzaSilk	2.0% = 10 grams
Part D	
Leucidal Liquid	2.9% = 10 grams
Palmarosa Essential Oil	1.0% = 5 grams
Elemi Essential Oil	0.5% = 2.5 grams
Total:	100% = 500 grams

-In Part A: Heat to 170 - 175F.

-In Part B: Weigh VenaSilk and set aside. Combine remainder of Part B ingredients and heat to 175F. Remove from heat. Add VenaSilk immediately to hot melted oils/lipids – gently mixing.

-Add Part A to B with mixing – stick blender or standard lab mixer work well. Continue to mix until emulsion forms and thickens.

-In Part C – Weigh and add ingredients when temperature has cooled to 50C/122F (or less). Mix well until completely cool.

Notes:

-High shear mixers such as a homogenizer or stick-blender can be used to create a thicker cream with a fine particle size. Propeller mixers or beaters or a hand-held whisk can be used to create a thinner cream.

The Herbarie formulas were created to demonstrate how our products can be utilized. This information is based on our knowledge and experiences and is believed to be accurate. We assume no liability in regards to these formulas and information. We urge our customers to do their own testing to ensure the products meet their own specifications.
