

THE HERBARIE FORMULARY

Body Care - Lotions

Summer Silk Natural Lotion with Plantamulse Liquid

Featuring Plantamulse Liquid in a silky summer lotion rich in botanicals! This lovely light lotion will moisturize and condition skin, leaving it silky soft. Plantamulse Liquid and Soy Lecithin HLB 4 function as the emulsifiers in this formula. These multifunctional, natural emulsifiers serve as skin conditioning agents as well as emulsifiers. XanThix and Ultra maize function synergistically with the emulsifiers to provide structure and stability. We've included Shea Butter and Jojoba Oil, along with our Botanical Complex LSC, to provide conditioning and lovely emolliency. Leucidal Liquid is the primary preservative in this formula.

	Ingredient	Amount
Part A		
	Plantamulse Liquid	2.5% = 12.5 g
	Soy Lecithin HLB 4	1.0% = 5 g
	Shea Butter	8.0% = 40 g
	Jojoba Oil	5.0% = 25 g
	Botanical Complex LSC	5.0% = 25 g
Part B		
	XanThix	0.2% = 1 g
	Ultra maize	1.5% = 7.5 g
Part C		
	Distilled Water	68.16% = 340.80 g
Part D		
	Bergamot FCF	0.5% = 2.5 g
	Rose Geranium EO	0.5% = 2.5 g
	Lavender Essential Oil	0.5% = 2.5 g
	Ylang Ylang	0.1% = 0.5 g
	Rosemary CO2 Extract	0.04% = 0.2 g
	Symglucan	5.0% = 25 g
	Leucidal Liquid	2.0% = 10g
	Total:	100% = 500 grams

-Combine Part A ingredients in heat safe container. Heat gently until Shea Butter is melted. Remove from heat.

-Premix Part B ingredients and add to warmed and melted Part A ingredients stirring gently using our hand held, wire whisk and nylon spatula.

- Add Part C (distilled water) to combined Part A/B and mix well using a high shear mixer such as a stick blender.

- Add Part D ingredients

-Continue to mix well – pulsing off and on – for approximately 20 minutes.

- Lotion will be medium viscosity and perfect for packaging in a bottle with a dispensing cap.
