

THE HERBARIE FORMULARY

Facial Care - Emulsions, Serums & Gels

Avena Sativa Velvet Cream

The Herbarie's Avena Sativa Velvet Cream formula is extra moisturizing and has a soft, velvety feel. The richness of this cream is derived from shea butter and jojoba oil which are protective and penetrating to skin. Hydrolyzed Oats (Avena Sativa) provide extraordinary moisturizing qualities and excellent "feel" to any skin care product. Studies have shown that hydrolyzed oats retain significantly more moisture no matter what the humidity, and gain up to 50% more moisture at relative low humidity-when extra moisture is most needed. The very mild, naturally derived cationic Emulsifying Conditioner serves as a co-emulsifier and imparts a satiny, soft feel to the skin.
