

THE HERBARIE FORMULARY

Facial Care - Emulsions, Serums & Gels

PhytoActive Anti-Aging Serum

Our PhytoActive Anti-aging Serum is hydrating, cooling and skin smoothing. Acai Extract WS and Edelweiss Extract serve as powerful antioxidants. Botanical Complex LSC, Raspberry Seed CO2 Extract, and Amaranth Seed CO2 Extract provide nutrition and moisturization in this anti-aging formula. UltraMaize and GuarSilk provide stability as well as conditioning. Our water soluble emollient, CocoEm WS, solubilizes the oils in this formula and leaves skin with a conditioned feel.

Part A: Combine UltraMaize and GuarSilk. Combine distilled water and witch hazel. Add combined powders to distilled water/witch hazel with mixing – it's helpful to create a vortex before carefully adding powders to the water. Set aside to fully hydrate - mixture will begin to thicken – mix periodically until uniform consistency (about 10-15 minutes).

Part B: Combine all ingredients. Add Part B ingredients to Part A with mixing.

Part C: Add Part C to combined AB. Package.

Notes:

--Can be packaged in bottle with disk top or pump. For best results, apply cleansing and toning. For dry skin. follow with your favorite cream, lotion or facial oil.
