

THE HERBARIE FORMULARY

Hair Care - Conditioners & Cream Rinses

Amy's Ultra-Conditioning Hair Conditioner

I've named this conditioner for my teenage daughter. Amy is my primary hair care "guinea pig" with her waist length, thick blond hair. She has of course tried all my formulas and has insisted this one is her favorite. This formula is ultra-conditioning and is chock-full of all the best ingredients, like our BTMS-Conditioning Emulsifier, Dimethicone 1000, GuarSilk, EmEster, dl Panthenol, and Calendula Extract w/s. I hope you will like it as much as Amy does.

Ingredient	Amount
Part A	
Distilled Water	77.6% = 388 g
GuarSilk	0.5% = 2.5 g
Calendula Extract w/s	5% = 25 g
Hydrolyzed Wheat Protein	2.0% = 10.0 g
Glycerin	5% = 25 g
dl Panthenol	1% = 5
Part B	
BTMS-Conditioning Emulsifier	4.0% = 20.0 g
Jojoba oil	2% = 10 g
EmEster	1% = 5 g
Part C	
Dimethicone 1000	1% = 5 g
*Peppermint EO	0.5% = 2.5 g
Liquid Germall Plus	0.4% = 2 g
Total:	100% = 500 grams

Hydrate GuarSilk in room temperature distilled water and blend/mix well. Add the remainder of Part A ingredients and heat Part A to 75C/170F. Carefully heat Part B until Conditioning Emulsifier is melted—approximately 170F/75C. Add Part A to B with mixing. Continue to mix until cool. At 50C/122F (or less), add Part C with mixing.

*Essential oil or fragrance oil of your choice can be substituted.
