

THE HERBARIE FORMULARY

Hair Care - Leave-In Conditioners & Gels

Natural Styling Gel

Our featured ingredient in this formula is The Herbarie's Extraordinary XG. The functionality of Extraordinary XG is similar to PVP and carbomer with better feel and greater ease in formulating. Extraordinary XG will make a clear gel product with no neutralization. Simply add Extraordinary XG to room temperature water, mix and allow to hydrate for about 15 minutes. DI Panthenol helps to protect and smooth the hair cuticle.

	Ingredient	Amount
Part A		
	Distilled Water	97% = 485 grams
	Extraordinary XG	1.5% = 7.5 grams
Part B		
	DI Panthenol	1.0% = 5 grams
Part C		
	Liquid Germall Plus	0.5% = 2.5 grams
	Total:	100% = 500 grams

In Part A, create a vortex by stirring water, sprinkle Extraordinary XG onto distilled water. Stir until mixed. Combine Part B ingredients and add to Part A with mixing. Allow to hydrate with intermittent mixing. Add Part C and mix well. Check pH of finished product and adjust to 5.5 if needed.
