### **Virgin Coconut Lotion Bar**

Our Virgin Coconut Lotion Bar offers skin moisturizing benefits of lotion in a solid, easy to use bar! This emulsifying lotion bar is perfect to use after the shower or bath when skin is still moist. BTMS Conditioning Emulsifier and AquaEm function beautifully as emulsifiers and conditioners in this formula. Additional emolliency and nutrients are provided by Extra Virgin Coconut Oil, Shea Butter, Sunflower Butter, Botanical Complex LSCD, and Cetyl Esters. Our solid butters and waxes provide structure and a solid consistency to this anhydrous formula.

	Ingredient	Amount
Part A	Extra Virgin Coconut Oil	33% = 165 grams
	Sunflower Butter	25.5% = 127.5 grams
	BTMS Conditioning Emulsifier	8% = 40 grams
	Shea Butter	11% = 55 grams
	Botanical Complex LSCD	5% = 25 grams
	Cetyl Esters	4.5% = 22.5 grams
	Candelilla Wax	9% = 45 grams
	AquaEm	2% = 10 grams
Covio-Ox T-50	1% = 5 grams	
Part B	Optiphen	1% = 5 grams
Total	100% = 500 grams	

Heat Part A until solids melt completely (around 75C-80C/170F-176F). As blend begins to cool, add Part B with mixing. Pour immediately into push-up containers, tubes, molds, or jars. The finished product will be a firm consistency.
