

THE HERBARIE FORMULARY

The Spa - Body Conditioners for the Bath

Silky Soft Bath with PlantaEm™

Elegant and easy. The Herbarie Silky Soft dispersible bath oil blend features PlantaEm™. PlantaEm™ is an innovative plant source emollient and emulsifier made from the esters of glycerin and fatty acids. PlantaEm™ is mild, PEG-free and naturally offers a conditioned feel, leaving skin feeling soft and smooth.

Due to the exceptional qualities of all natural PlantaEm, oils and emollient esters will form a clear blend and will easily disperse into the bath water to soften skin, but will not leave an oily film in the bathtub.

We've chosen Rice Bran Oil, Jojoba Oil, Abyssinian Oil, and Fractionated Coconut Oil as our skin conditioning emollients and our fragrance is Clary Sage essential oil.

Ingredient	Amount
Rice Bran Oil	20%
Abyssinian Oil	20%
Jojoba Oil	19%
Fractionated Coconut Oil	20%
PlantaEm	20%
Clary Sage Essential Oil	1%
Total	100%

Combine all ingredients, blend and package in a container with a dispersible cap. Use in bath as desired. Most vegetable oils and emollient esters and fragrances can be substituted successfully in this formula. The percentages of oils and esters can be varied as well. More or less of PlantaEm™ will effect how the oils are dispersed or solubilized into the bath water. This anhydrous formula does not contain any added preservative because it is not necessary when packaged as recommended.

The Herbarie formulas were created to demonstrate how our products can be utilized. This information is based on our knowledge and experiences and is believed to be accurate. We assume no liability in regards to these formulas and information. We urge our customers to do their own testing to ensure the products meet their own specifications.
