

## THE HERBARIE FORMULARY

### *The Spa - Mists & Sprays*

#### Acacia Body Mist

Acacia Gum is a natural, low viscosity emulsifier derived from the sap of the African acacia tree. It has been used since ancient times and is known for its demulcent and anti-inflammatory qualities. The Acacia Body Mist is good natural alternative to ethoxylated emulsifiers and has a nice skin feel.

Ingredient	Amount
Acacia Gum	2.0% = 10 grams
Hydrosol or Distilled Water	97.2% = 486 grams
Essential Oil or Fragrance Oil	0.5% = 2.5 grams
Germaben II	0.3% = 1.5 grams
Total:	100% = 500 grams

Add Acacia Gum to room temperature distilled water (or hydrosol) with mixing – a hand held whisk can be used or a hand held stick blender can be used. Set aside and allow Acacia Gum to hydrate for at least 30 minutes. When Acacia Gum is completely hydrated (after at least 30 minutes), add Essential Oil or Fragrance Oil and mix well with a whisk or stick blender. Add Germaben II and mix well.
