

THE HERBARIE FORMULARY

The Spa - Mists & Sprays

Botanical Body Mist

This scented alcohol-free body mist is moisturizing and has an excellent skin feel. This formula demonstrates the versatility of The Herbarie's AquaEm. AquaEm is an excellent solubilizer for fragrance oils and essential oils, as well as a good skin care emollient. Our Hydrolyzed Oats will help skin to stay hydrated. This product is derived from whole oats and contains mainly oligosaccharides (carbohydrates). It is used to enhance moisture retention and the feel properties of skin care products. Studies have shown that hydrolyzed oats retain significantly more moisture regardless of humidity and will gain up to 50% more moisture at relative low humidity when extra moisture is needed.
