

THE HERBARIE FORMULARY

The Spa - Mists & Sprays

Natural Spray Mist with Plantamulse Liquid

Our Natural Spray Mist formula is based on our new, natural source Plantamulse Liquid emulsifier. This elegant lotion-milk formula is cold process and easy to make. Plantamulse Liquid is PEG-free, low viscosity, and offers the ultimate in moisturization, skin conditioning and softening in a sprayable product. Plantamulse Liquid is a wonderful natural alternative to ethoxylated emulsifiers and has superior skin feel.

Ingredient	Amount
Part A:	
Plantamulse Liquid	2.5% = 12.5 grams
Calendula Extract OS	9.0% = 45 grams
Essential Oil or Fragrance Oil	1.0% = 5 grams
Optiphen	0.8% = 4 grams
Part B:	
Distilled water	86.7% = 433.5 grams
Total:	100% = 500 grams

-Combine room temperature ingredients in Part A with mixing – a hand held whisk or stir tool can be used.

-Add distilled water in Part B to combined Part A with high shear mixing (stick blender) or homogenize until fully incorporated.

-Package in container with spray mister.

The Herbarie formulas were created to demonstrate how our products can be utilized. This information is based on our knowledge and experiences and is believed to be accurate. We assume no liability in regards to these formulas and information. We urge our customers to do their own testing to ensure the products meet their own specifications.
