## Product Information

**Tradename:** Raspberry Dimethicone WS  
**INCI Name:** PEG 8 Dimethicone, PEG 8 Raspberryate

### Hazardous Identification

This product does not contain any active material considered hazardous as defined in 29 CFR 191-120

### Handling and Storage

Store in a cool, dry place. Store in closed containers below 90F. Normal chemical handling procedure: Wash hands thoroughly after handling.

### Exposure Controls & Personal Protection

Ventilation – Local exhaust

Respiratory – Low volatility minimizes inhalation exposure at ambient temperature. Inhalation of high vapor concentrations may be harmful and/or irritating to mucous membranes. Efficient exhaust system recommended.

Eyes – May be irritating. Safety glasses with side shields

Hands – PVC gloves

### Physical and Chemical Properties

Appearance: Clear liquid

Odor: Mild/characteristic

Boiling Point: >100F

% Volatile by Volume @110C <5

Specific Gravity: 0.99 gm/ml @25C

Solubility: Water soluble

### Stability and Reactivity

Stability: Stable

Conditions to avoid: No additional special precautions

Incompatibility (materials to avoid): Strong oxidizing agents

Hazardous polymerization: will not occur

### Toxicological Information

Has this product or any unreacted ingredient been listed as a carcinogen or potential carcinogen by the National Toxicology Program Annual report on Carcinogens or the International Agency for Research on Cancer.

No ☒ Yes ☐

### First Aid Measures

Skin: Wash with soap and water. If irritation develops, seek medical attention.

Eyes: Flush with water for at least 15 minutes. If irritation develops, seek medical attention.

Ingested: Drink 2-3 glasses water, do not induce vomiting. Seek medical attention.

### Fire Fighting Procedures

Flash Point: >250F

Special FireFighting Procedure: Wear self-contained breathing apparatus and other protective clothing. Extinguishing media: Use water spray, carbon dioxide, foam, or fog.

### Transportation Information

Nonhazardous

Store at less than 90F.
