Ingested: Drink 2-3 glasses of water, do not induce vomiting. Seek medical attention.

Inhalation: If inhaled remove to fresh air.

Fire Fighting Procedures

Flash Point: NA

Extinguishing media: Foam, CO2 and powder.

Special Firefighting procedure: Wear self-contained breathing apparatus.

Handling and Storage

Store in a dark and dry area away from heat.

Exposure Controls & Personal Protection

Ventilation: Local exhaust

Respiratory: None with proper exhaust.

Eyes: Safety glasses with side shield are recommended.

Hands: PVC gloves

Physical and Chemical Properties

Form: Liquid oil.

Color: orange

Odor: Characteristic.

Solubility: Insoluble in water.

Stability and Reactivity

Stability: Stable

Conditions to avoid: Heat, open flame, and sun light. Recommended Storage: 10C

Hazardous decomposition: None known when properly used.

Incompatibility (materials to avoid): None known.

Hazardous polymerization: will not occur

Toxicological Information

Acute oral toxicity: Not determined.

Dermal toxicity: Not determined

Dermal irritancy: Not determined.

Ocular irritancy: Not determined.

Transportation Information

Nonhazardous

The information in this MSDS was obtained from sources which we believe are reliable. However the information is provided without any warranty, express or implied, regarding its correctness. The conditions or methods of handling, storage, use or disposal of the material are beyond our control. For this reason we do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in any way connected with the handling, storage, use or disposal of the material. This MSDS was prepared and is to be used only for this material. If the material is used as a component in another material, this MSDS information may not be applicable.
