

THE HERBARIE FORMULARY

Facial Care - Emulsions, Serums & Gels

Cool As a Cucumber Eye Cream with Rose Hydrosol

The delicate area around the eye needs special care. This formula is enriched with humectants, nutrients, astringents and conditioners. Cucumbers contain Vitamin A, C and the mineral Silica. Cucumber has been traditionally used for eye care because of its cooling and astringent characteristics. Witch Hazel and Rose offer astringent qualities as well. Antioxidant Complex T contains botanicals that are known to be rich in several polyphenolic compounds which can prevent free radical scavengers from damaging skin. The oil phase portion of this cream is rich in antioxidants and conditioners and will leave skin feeling silky and smooth.
